NEW YORK, Oct. 27.—Futher improvement was established in the stock market this morning, with business fairly active. fairly active. The higher prices and better feeling in Europe, with the increasingly peaceful aspect of the Far East situation, found a full response in the local market. The domestic influences in favor of the advance continued to be the case in money, growing confidence that the iron and steel market had about reached bottom and a general to continue in satisfactory volume

NEW YORK STOCK MARKET. CURRENT NEWS AND GOSSIP OF INTEREST TO INVESTORS

Consols and gilt edge securities were harder in London today, and improvement was shown in the foreign railroad quotations. American stocks were bought on New York advices, and held happen to put the market down a little firm after the early advance.

General sentiment in Wall Street was more cheerful this morning. The London markets were better than expected. and cablegrams announced that an improved feeling prevailed there. These conditions were the secret of the bullish tone to the market.

naturally harden and funds grow scarce until the relaxation comes with the new year. This year will prove no exception. The sole difference is that money will be late in advancing.

The market is narrow and highly professional, with the Field contingent and some other room traders most active in forcing the present movement. Fear of a reaction from the rapid advance kept many conservative speculators out of today's market. Predictions were made that stocks could not stand the

The suspension of the Amalgamated Copper Company's output has stimulated speculative interest in independent copper stocks, all of which have advanced sharply since the Amalgamated mines were closed.

Rock, a cliff just outside the city, yesterday. Sherman was a grandson of Gen. W. T. Sherman.

The young man tried to reach the summit of the rock by scrambling up the ledges. A fragment of stone was dislodged from above, and this struck Sherman, causing him to loosen his hold on a projection and to fall to the ground, forty feet below.
